

Guidance on Car-based Drive-In Events

This guidance is intended for car parades and drive-in events such as graduations and fireworks. It excludes drive-in religious services and drive-in theatres as they have specific guidance.

- Instead of drive-in events, whenever possible, offer virtual or live-streamed events instead of in-person events. The number of persons in the place of ceremony or even presenting must be within the gathering limits in the current Public Health Order and strictly observe all physical distancing protocols.
- As the province progresses through levels of the Re-Open Saskatchewan plan the approach may evolve.
- If you choose to hold your event, it must comply with the requirements in the Public Health Order.
- Drive-in type events, including graduations, must ensure the following mitigation measures are applied:
 - Anyone who is unwell or symptomatic must remain home.
 - Occur in designated parking lots or staging areas (with owner consent).
 - Multiple ceremonies may be needed depending on the class size.
 - Vehicles must be separated by at least five metres.
 - Individuals are required to remain inside or within arm's reach of their vehicles and not permitted to move to other vehicle (i.e. not to go sit with friends).
 - No objects may be passed between vehicles.
 - Event organizer must implement adequate measures to keep people from unnecessarily leaving their vehicles during the event.
 - Vehicle occupants should be limited to members from the same household or extended household contacts.
 - Where washroom access is provided provisions are made to ensure the facilities are fully stocked for handwashing and there is frequent cleaning and disinfection throughout the event.
 - Appropriate physical distancing practices between persons who need to leave the vehicle to access washroom or other facilities is maintained at all times.
 - No food and beverage service is permitted.
 - Individuals using other modes of transportation to attend the event (walking, biking, public transportation, etc.) should maintain physical distancing of two-metres and join the vehicles with persons from the same household or extended household contacts as soon as they arrive. If not joining a vehicle, observers are limited to no more than 10 people observing all physical distancing protocols.
 - Further questions can be directed to local public health officials to ensure the event does not risk transmission of COVID-19.
