

## Backgrounder

### **Wynyard and Markinch Infrastructure Projects - Municipal Rural Infrastructure Fund (MRIF)**

#### **Town of Wynyard – Wynyard Community Sports facility upgrades**

**MRIF funding: \$26,174; Project cost: \$52,351**

The Town of Wynyard will be installing a solar power system that will be used as the primary source of energy to heat the community swimming pool. The system will include 40 panels that measure 4ft to 10ft each. The system will also include a booster pump and the necessary piping to be connected to the current mechanical system.

#### **Town of Markinch– Markinch and area Community Hall upgrades**

**MRIF funding: \$28,800; Project cost: \$57,600**

The Town of Markinch will be increasing the accessibility of the Community Hall for the elderly and physically disabled by relocating certain areas of the hall such as the washrooms, which are currently located in the basement. It will also replace windows and doors to increase energy efficiency.
