

BACKGROUNDER

ADOPT Approved Funding

March 2011

74 projects for a total of \$608,560

Assiniboine Watershed Stewardship Association

Increasing Crop Productivity and Economics through the use of
Variable Rate Fertilizer Application\$4,700
Aerial Seeding Forages as an Alternative to Conventional Seeding
During Extreme Moisture Conditions.....\$10,000
Contact: Jesse Nielsen, Yorkton, 783-1692

District No. 08 Agriculture Diversification and Demonstration (ADD) Board

A Demonstration of DNA Technology in the Commercial Cow Herd.....\$7,650
Contact: Andy Sereda, Moose Jaw, 693-1936

District No. 26 ADD Board

Effects of Extensive Winter Feeding Systems on Subsequent Corn Yields\$3,863
Contact: Laurie Hooper, Tisdale, 873-2278

District No. 32 ADD Board

Demonstration of Annual Forages for Greenfeed or Swath Grazing\$5,565
Harvesting Oats and Barley as Yellowfeed.....\$9,545
Seeding of Legumes to Rejuvenate Grass Stands.....\$6,664
Contact: Barry Swanson, Prince Albert, 922-7289

District No. 36 ADD Board

Canola Seeding Speeds Demonstration.....\$10,000
Contact: Ernie Schwartz, Meadow Lake, 236-6042

East Central Research Foundation (ECRF)

Decreasing Maturity of Soybeans, Lentils and Chickpeas to Produce Viable Crops in the
East Central Saskatchewan Area\$8,400
Environmentally Smart Nitrogen Response in Oats and Flax.....\$9,950
Establishment of Milo (Sorgum) and Cicer Milk Vetch.....\$5,000
Nitrogen Management to Increase Wheat Quality at Harvest\$10,000
Contact: Andrew Seversen, Canora, 563-5551

Frenchman River - Wood River Weed Management Area (WMA)

Gaining Long-Term, Integrated Control of Leafy Spurge in Saskatchewan\$10,000
Contact: Julie MacKenzie, LaFleche, 264-3884

Indian Head Agricultural Research Foundation (IHARF)

Exploring the Merits of Field Pea-Canola Intercrops for Improved Yield and Profit\$20,000
IHARF Yield Busters Trials\$10,000
Contact: Judy McKell, Indian Head, 695-7009

Moose Jaw River Watershed Stewards Inc.

Grain Bag Roller Demonstration Day.....\$6,930
Contact: Tammy Myers, Moose Jaw, 691-3396

North West Saskatchewan Organic Producers Inc. (NWSOP)

Evaluation of Nitrogen Contribution from Different Organic Plough Down Crops\$7,230
 Contact: Dean Gregory, Saskatoon, 384-1024

Northeast Agriculture Research Foundation (NARF)

Canola Seeding Speeds Demonstration.....\$6,350
 Direct Seeding of Annual Crops into Sod\$5,125
 Inputs to Target Very High Canola Yield.....\$6,930
 Maximizing Benefits From Foliar Fungicides on Wheat and Barley\$9,000
 New and Novel Crops Demonstration.....\$2,625
 Rates of Seed Placement Environmentally Smart Nitrogen and Agrotain Treated Urea for Wheat.....\$17,320
 Contact: Brett Casavant, Melfort, 873-5468

OCIA Chapter 5 of Sask. Inc.

Seeding Establishment Methods for Growing Organic Caraway\$3,885
 Contact: Carol Lowndes, Kelvington, 327-4753

Rudy Feeder Co-operative Ltd.

Grazing Corn Agronomy Demonstration\$9,820
 Contact: Travis Peardon, Outlook, 897-5504

Saskatchewan Alfalfa Seed Producers Development Commission (SASPDC)

Demonstration and Evaluation of Newly Registered Insecticides for
 Pest Control in Alfalfa Seed Production\$6,300
 Contact: Wayne Goerzen, Saskatoon, 651-7275

Saskatchewan Association of Agricultural Societies and Exhibitions (SAASE)

SAASE Provincial Agricultural Display Program - Swift Current.....\$10,000
 SAASE Provincial Agricultural Display Program - Prince Albert.....\$10,000
 Contact: Glen Duck, Regina, 565-2121

Saskatchewan Canola Development Commission

Evaluating the Effectiveness of Pod-Sealants on the Yield of Straight-Combined Canola on a
 Large-Field Scale.....\$10,000
 Contact: Pat Flaten, Saskatoon, 975-0730

Saskatchewan Conservation Learning Centre Inc.

Agronomics of New Varieties of Midge Resistant Wheat\$2,600
 Demonstration of New Crop Varieties for NE Saskatchewan.....\$6,340
 Fertilizer Effects on Malt Barley\$5,500
 Investigating New and Novel Crop Development Opportunities in NC Saskatchewan\$6,300
 Contact: Curtis Braaten, Prince Albert, 960-1834

Saskatchewan Forage Council

A Comparison of Chemical and Biological Control of Scentless Chamomile in Mixed Alfalfa/Grass Hay
 and Pasture Stands\$3,854
 Grazing Non-Traditional Annual Forage Mixtures\$8,782
 Hay Preservatives for High Moisture Bales\$3,497
 Contact: Janice Bruynooghe, Outlook, 966-2148

Saskatchewan Forage Seed Development Commission

Brome Grass Midge Control.....\$9,800
 Contact: Nancy Johns, Watrous, 946-3135

Saskatchewan Fruit Growers Association

Evaluation of Fungicides for Saskatoon Berry Disease Control\$7,500
 Contact: Patty Stewart, Yorkton, 782-0256
 Weed Control Regimes in Haskap Production.....\$7,500
 Contact: Mel Annand, Melfort, 782-2707

Saskatchewan Greenhouse Growers Association

Demonstration of Pest Management Options for Greenhouse Production\$10,000
 Contact: Shannon Fraser-Hansen, Young, 259-4809

Saskatchewan Organic Directorate

In-Crop Weed Management in Durum\$2,050
 In-Crop Weed Management in Fall Rye.....\$1,650
 In-Crop Weed Management in Large Green Lentils\$2,050
 Contact: Heather Adie, Regina, 569-1418

Saskatchewan Sunflower Committee (SSC)

Demonstration of the Suitability of New Mid-Oleic and High-Oleic Hybrid Sunflowers
 across Saskatchewan.....\$20,000
 Demonstration of the Nitrogen Response of Hybrid Sunflowers across Saskatchewan\$20,000
 Contact: Jim Thorson, Penzance, 488-4814

Saskatchewan Vegetable Growers Association

Demonstration of Best Management Practices for the Control of White Mold (Sclerotinia) in Carrots\$7,700
 Contact: Shawn Hansen, Craven, 731-3472
 Demonstration of New Fungicides for Disease Control in Onions.....\$3,700
 Evaluation of a New Fungicide for Cabbage Disease Control.....\$2,013
 Evaluation of Herbicides for Weed Control in Onions.....\$5,250
 Demonstration of Maleic Hydrazide as a Method to Control the Sprouting of Onions during
 Long-Term Storage\$5,000
 Contact: Joan Merrill, Saskatoon, 382-9544

Seager Wheeler Farm

Canola Seeding Speeds Demonstration.....\$10,000
 Contact: Ewald Epp, Rosthern, 232-4474

South East Research Farm (SERF)

Chemical Control of Group 2 Resistant Kochia\$5,960
 Crop Tolerance to Herbicide Demonstration.....\$6,400
 Evaluating Fertilizer Products in Winter Wheat.....\$1,830
 Environmentally Smart Nitrogen Response in Oats and Flax.....\$9,950
 Herbicides in Oilseed Pulse Intercrops\$4,140
 Impact of Simulated Grazing Management on Forage Production.....\$11,530
 Integrated Management of Group 2 Resistant Kochia in Spring Wheat.....\$3,530
 Contact: Miles Fuchs, Fleming, 452-3773

South West Saskatchewan OCIA Chapter 8, Inc.

Alternative Legume Crops for Plowdown to Replace Yellow Blossom Sweet Clover	\$7,930
Seeding Establishment Methods for Growing Organic Caraway	\$4,772
Contact: Darcy Kimball, Rockglen, 476-2739	

Southwest Forage Cooperative Association Ltd.

Grazing Cover Crops with Cattle as a Rejuvenation Option for Severely Eroded Land that is Currently in Perennial Forages.....	\$19,330
Contact: Rick Jensen, Swift Current, 674-2312	

Western Applied Research Corporation (WARC)

Cleavers - Understanding the Biology and Managing Herbicide Resistance	\$6,100
Reclamation of Saline Soil Using Perennial Forages	\$8,600
Rates of Seed Placed Environmentally Smart Nitrogen and Agrotain Treated Urea for Wheat.....	\$17,300
Inputs to Target Very High Canola Yield.....	\$7,050
Maximizing Benefits from Foliar Fungicides on Wheat and Barley.....	\$10,000
Faba Beans as a Green Manure Crop.....	\$6,600
Contact: Blaine Davey, Scott, 247-2122 ext. 29	

Western Beef Development Centre (WBDC) – Prairie Agricultural Machinery Institute (PAMI)

Grazing Comparison of New Grazing Corn Hybrids for Saskatchewan Beef Producers	\$17,200
Video Clips for Presentation of Beef R & D	\$6,300
Contact: Paul Jefferson, Humboldt, 682-3139 ext. 272	

Wheatland Conservation Area Inc. (WCA)

New and Novel Crops Demonstration.....	\$4,800
Input Study for Peas and Lentils	\$16,000
Fungicide Timing in Cereals Demonstration	\$9,870
Mustard and Brassica Carinata Agronomy Demonstration.....	\$10,000
Rates of Seed Placed Environmentally Smart Nitrogen and Agrotain Treated Urea.....	\$19,430
Contact: Bryan Nybo, Swift Current, 773-4775	

74 approved projects for a total of \$608,560
