Message from the Legislative Secretary Responsible for Francophone Affairs

It is my pleasure to present the report on the Government of Saskatchewan's French-language Services Policy highlighting the achievements of our ministries, Crown Corporations and government agencies over the fiscal year 2013-2014.

The Government of Saskatchewan recognizes the important contribution the Fransaskois community has made to the social, economic, and cultural life in the province. The Proclamation of the Rendez-vous de la francophonie at a ceremony held at the Legislative Building in March 2014 is testimony to that recognition by the government. As well, Saskatchewan has continued to promote the Fransaskois flag in 2013-2014 through its community recognition initiatives. That year, the communities of Bellegarde and the Battlefords were selected.

In 2013-2014, the Government of Saskatchewan remained supportive of Fransaskois community organizations through the Community Infrastructure Fund. A total of \$100,000 was allocated to seven projects.

The province will continue to build partnerships to ensure that Saskatchewan's francophone communities remain vibrant and contribute to the growth of our province. As Legislative Secretary responsible for Francophone Affairs, I thank all partners and stakeholders who have contributed to the achievements presented in this report.

Highlights

Funding for New Spaces in Francophone Daycares

Through great efforts by Fransaskois parents combined with financial and collaborative support from the Ministry of Education, the francophone communities of Vonda and Prince Albert both saw new daycares open with the capacity to welcome 25 and 20 children respectively.

This initiative shows the desire to promote the French language at a very young age in the province, a commitment that demonstrates great vitality and a strong feeling of belonging that continues to be passed on from generation to generation.

In this second year of a four-year government commitment to create 2,000 new child care spaces, we continue to see an increase in spaces in the eight francophone daycares that receive funding from the Government of Saskatchewan. There are now 273 such spaces, an increase of 35% since 2007.

Francophone Immigration: Community Development and Revitalization

In 2013-2014, Saskatchewan continued to see strong population growth due to a very healthy provincial economy.

Francophone immigration also benefited from this upward trend, with an increase in the number of francophones established in Saskatchewan.

The Ministry of Economy supported francophone immigration by taking part in promotion and recruitment missions in France, Belgium and Tunisia (Destination Canada event). Saskatchewan also hosted representatives from the Embassy of Canada in France, Tunisia and Morocco and representatives of Pole Emploi (Government of France Employment Services). Staff members provided information on settlement, immigration and Saskjobs.ca for francophone skilled workers.

Between 2008 and 2012, the number of new permanent residents with knowledge of the French language coming to Saskatchewan more than doubled, from 105 to 264. The province is proud to encourage this diversity, which helps revitalize and enrich the various communities where these new residents of Saskatchewan settle.

Tourism

Saskatchewan recognizes the importance of the promotion of active living and increased access to sport, cultural, heritage and recreation experiences in our communities and our provincial parks. Following the new visitation record set by Saskatchewan's Provincial Parks in 2013, a welcomed addition to this year's French-language resources was the Saskatchewan Provincial Parks Guide. In addition, the Park Visitor Experience Branch continued to provide French-language services by phone, email and live chat to French-speaking customers.

The Ministry of Environment translated eight documents related to hunting, trapping, and angling. The Hunters' and Trappers' Guide as well as the Anglers' Guide and other resources help promote Saskatchewan to French-speaking

populations in the province, across Canada and around the world as a destination of choice when planning their yearly vacations. All these resources are grouped on a single web page entitled *Information en français* on the Ministry's website.

Important provincial buildings such as the Legislative Building and Government House continue to offer educational and promotional material as well as guided tours in French. The Royal Saskatchewan Museum also offers gallery guides in French. All of these resources, programs and services are promoted widely throughout French-speaking populations wherever they may be, helping to reinforce the ideal that government remains committed to making Saskatchewan the best place to live, work and play!

Saskatchewan's French-language Services Centre

The French-language Services Centre continues to promote and facilitate access to services in French. In 2013-2014, the *Bonjour!* website recorded 71,290 visits. During the same period, the Services Centre responded to 490 calls requesting services in French, a 3% increase from the previous year. Over 30% of online and in-person requests for information were in the areas of immigration and employment.

The Services Centre continued to use social media in its communication strategy to reach members of the Fransaskois community with news on programs and services available in French. Through its *Services en Français* (facebook.com/Bonjour.Saskatchewan) Facebook page, the Services Centre now communicates several times per week with close to 500 people to promote government programs, health and safety advisories, information and services.

The Services Centre can be accessed online through the *Bonjour!* website (bonjour.gov.sk.ca). Citizens can also contact the Services Centre toll free at 1-888-345-0850 or by email at bonjour@gov.sk.ca.

Advisory Committee on Francophone Affairs

The Committee met once in 2013-2014 and also published a report on access to social services in French in the province. Members of the Committee met with relevant senior public servants in the Ministry of Social Services and with community stakeholders to evaluate current collaboration between the community and the Ministry of Social Services.

Translation Services

The year 2013-2014 shows a small decrease in translations completed by Francophone Affairs Branch (FAB) services in comparison to 2012-2013; a total of 709,674 words were translated. Leading the way was the Ministry of Justice with 164,281 translated words.

The Government of Saskatchewan continues to give priority to the translation of documents and web pages that facilitate more active and direct communication with its French-speaking citizens.

French-language Services Policy

Goal 2

Work with existing Fransaskois organizations that receive funding from the provincial government in order to provide services in French, to improve delivery of services in this language by making better use of resources already in place and to use the internet and telephone to deliver services to Francophone citizens wherever they may live in Saskatchewan.

Ministry, Crown Corporation or Government Agency	Accomplishments
All Ministries	<ul style="list-style-type: none"> Following a voluntary survey that was sent to all government employees in December 2013, it has been noted that the Government of Saskatchewan has 33 points of service in 12 ministries where there is French-language capacity. An official list of these points of service will be developed and shared with the public in 2014-2015.
Advanced Education	<ul style="list-style-type: none"> French-language capacity in the Student Financial Assistance call centre was ensured with two permanent bilingual positions. The Technical and Trades Branch had a liaison employee who worked with the Assemblée communautaire fransaskoise, French speaking stakeholders, citizens and students in French. The Deputy Minister's Office worked with Collège Mathieu to assess its powers and duties under the <i>College Mathieu, Gravelbourg Sask., Incorporating Act</i> with respect to post-secondary education and training.
Agriculture	<ul style="list-style-type: none"> Regional Services Branch had specialists that could provide French-language services. The Agriculture Knowledge Centre had a process in place to respond to French-language requests.
Central Services	<ul style="list-style-type: none"> The Communications Branch had French-language capacity.
Economy	<ul style="list-style-type: none"> There were five bilingual positions in three Labour Market Services offices across the province (Moose Jaw, Regina and Prince Albert). Measures were taken to support these employees including deliberate language development activities and informal coordination and networking. Funding was provided to Square One, an organization consisting of a team of professionals dedicated to enhancing the success of the province's small businesses and entrepreneurs, for services and information available in French. The Ministry had a funding agreement with the Assemblée communautaire fransaskoise to deliver employment and settlement supports for French-speaking newcomers arriving in the province. Services were provided out of Saskatoon and Regina and managed by the Labour Market Services Branch. GED® tests were available for those who wished to write in French. GED® support materials were also available in French. GED® transcripts were available in French. Minerals, Lands and Policy Divisions had French-language capacity.
Education	<ul style="list-style-type: none"> Funding provided to the Conseil des écoles fransaskoises for French-language integrated services to francophone students who were assessed with learning challenges. The Provincial Library and Literacy Office provided funding to Collège Mathieu to offer French-language classes through two programs: <ol style="list-style-type: none"> The Adult Literacy Services program fund supported the promotion and delivery of adult literacy/essential skills literacy programs at campuses in Gravelbourg, Regina and Saskatoon, as well as in various communities across the province. The Family Literacy Initiative Program supported provision of family literacy programming for francophone parents, caregivers and children.
Literacy Office	
Early Learning and Child Care	<ul style="list-style-type: none"> The Early Learning and Child Care Branch provided funding to eight francophone child care centres, for a total of 273 spaces. These centres were located in Saskatoon, Regina, Ponteix, Moose Jaw, Gravelbourg, North Battleford, Vonda and Prince Albert.

Environment	<ul style="list-style-type: none"> The procedure to respond to requests in French was to refer them to the French-language services centre <i>Bonjour!</i>
Executive Council <i>Intergovernmental Affairs</i> <i>Francophone Affairs Branch</i> <i>French-language Services</i> <i>Centre Bonjour!</i>	<ul style="list-style-type: none"> In collaboration with the Public Service Commission, a second survey of government employees was conducted in December 2013 to determine language capacity within each ministry. A comprehensive list of points of service where French-language services are available is being developed and will be distributed in 2014-2015. After consulting with ministries regarding procedures to follow when responding to requests from French-speaking citizens, some requested that common procedures be developed and distributed along with a re-distribution of the resource: Practical Tips for Providing Service in French. Information in French regarding government programs and services were available online on the <i>Bonjour!</i> website 24 hours a day and direct services were available five days a week, from 9:00 a.m. to 4:00 p.m. by phone. Referral and path finding services were provided to clients within 48 hours after a service request was received. Services were offered through an internet portal, a toll-free line and by email. To facilitate access to these services, there was a link to <i>Bonjour!</i> on Executive Council and Intergovernmental Affairs' home page. The <i>Bonjour!</i> website had 238 pages in French. Twenty-four ministries or government agencies had a corporate page on the <i>Bonjour!</i> website accessible from the 'Services by Ministry' menu. There were seven thematic content sections: Education, Health, Immigration, Justice, Labour, Student Work and Tourism. There were eight targeted clientele sections: Youth, Seniors, New Parents, Immigrants, Women, Entrepreneurs, Workers and Tourists. Publication of the bi-weekly electronic bulletin <i>Bonjour!</i> was sent out to 237 associations, francophone and immersion schools, government employees as well as individuals throughout the province to promote new French-language content. Nearly 500 individuals were reached through the Facebook page 'Services en français en Saskatchewan.' A weekly announcement was made promoting new information available in French on government programs and services. Continued support to executive government through its central agency role with respect to French-language services. Continued to play an active role in the Intergovernmental Network on Canadian Francophonie and Saskatchewan played an active role in the Ministerial Conference on the Canadian Francophonie.
Finance	<ul style="list-style-type: none"> Link provided to <i>Bonjour!</i> website on Finance home page.
Government Relations	<ul style="list-style-type: none"> The French-language <i>Non-Profit Corporations Act, 1995</i> was amended in 2013-2014 in conjunction with amendments to <i>The Municipalities Act</i> to add reference to new municipal districts to the definition of municipalities. This was done in conjunction with the Ministry of Justice. Several municipal infrastructure programs the Ministry manages included federal funding under bilateral agreements that have communication protocols related to French-language that were followed on a regular basis. A link to French-language information was provided on the Ministry's website.
Health	<ul style="list-style-type: none"> The Ministry assigned the Francophone file to an employee who could respond to French-language requests in French. HealthLine offered interpretation services in French. The Smokers' Helpline which is offered by the Canadian Cancer Society – Saskatchewan Division, provided free and confidential access to a trained quit specialist in French.
