

Saskatchewan COVID-19 Vaccination Update

January 6, 2021

Pfizer Pilot Update, January 6

- 8,775 doses received to date.
 - 3,900 doses in Regina
 - 4,875 doses in Saskatoon
- Federally required to hold the second dose of the initial Pfizer doses.
- For all future Pfizer doses, public health will fully administer all Pfizer allotments – second doses will not be held.

Regina Pfizer Pilot Update – January 6

- Regina has received 3,900 Pfizer doses.
 - Half of allocation must be held to deliver the second dose (federal requirement).
 - 2,069 first doses (109%) administered.
 - Second dose administration began January 6.

Saskatoon Pfizer Pilot Update – January 6

- Saskatoon has received 4,875 Pfizer doses.
 - Half of allocation must be held to deliver the second dose (federal requirement).
 - 2,407 first doses administered to date of an eligible 2,437 doses (98% administered).
 - Second doses scheduled to start week of January 11.

Prince Albert Pfizer Update – January 6

- Prince Albert to receive 3,900 doses Jan 6.
 - All doses will be used as first doses.
 - Vaccination to begin shortly after delivery.
 - Will include priority health care workers as well as long term care and personal care home residents and staff.
 - Eligible priority groups will be notified about clinic location and times by Saskatchewan Health Authority.

Upcoming Pfizer Rollout – January 6

- 6,825 doses are expected to be delivered to Saskatchewan each week of January 11, 18 and 25:
 - January 11, Saskatoon and area
 - January 18, Regina and area
 - January 25, North Battleford and area
- Due to shipping requirements, entire shipment of Pfizer doses must be delivered and remain at a single location.
- University of Regina ULT freezer being moved to North Battleford to accommodate delivery and administration of Pfizer vaccine to priority sequence populations in the North West zone in January.

Moderna Status Update, January 6

- 4,900 doses received December 28
 - 710 Far North Central
 - 1,370 Far North West
 - 1,450 Far North East
 - 1,370 North East
- Eligible priority health care workers, long term care residents and staff, and residents aged 80+ have first priority.
- No hold for second doses – Entire Moderna allotment used for first doses.

Upcoming Moderna Rollout, January 6

- Additional 5,300 doses are expected to be delivered to Saskatchewan the week of January 11.
- Locations currently being determined for delivery of Moderna vaccine to smaller cities serving as regional hubs.
