

## Background

### Residents of Saskatchewan to benefit from recreation, water, and bridge infrastructure projects

Funding through the Investing in Canada plan will support 26 infrastructure projects in Saskatchewan. The Government of Canada is investing more than \$21 million in these projects, with the Government of Saskatchewan providing over \$12 million. Contributions by recipients toward their respective projects are more than \$12 million. In total, this represents a combined infrastructure investment of more than \$46 million. Funding recipients are responsible for any additional project costs.

*Recreation infrastructure projects funded under the Community, Culture and Recreation Infrastructure Stream, the Green Infrastructure Stream, or the Rural and Northern Communities Infrastructure Stream*

Location	Project Name	Project Details	Federal Funding	Provincial Funding	Municipal / Other Funding
