

Canada and Saskatchewan announce over \$50M investment for 55 infrastructure projects across the province

The Government of Canada is investing more than \$21.2 million in 55 projects under the new COVID-19 Resilience Stream of the Investing in Canada Infrastructure Program. The Government of Saskatchewan is contributing over \$16.4 million. Contributions by recipients toward their respective projects are \$12.5 million. In total, this represents a combined infrastructure investment of more than \$50.2 million. Funding recipients are responsible for any additional project costs.

Projects funded under the COVID-19 Resilience Stream

Location / Area	Proponent - Project	Description	Federal Contribution	Provincial Contribution	Proponent Contribution
