

Backgrounder

Canada and Saskatchewan support 12 infrastructure projects across the province

The governments of Canada and Saskatchewan are investing in the following 12 infrastructure projects under the Investing in Canada Infrastructure Program (ICIP). The Government of Canada is investing more than \$39 million in these projects through its Investing in Canada Infrastructure Program. The Government of Saskatchewan is contributing over \$32 million. Recipients are responsible for any additional costs.

Project name	Project description	Federal contribution	Provincial contribution	Recipient contribution	Total eligible costs
City of Saskatoon Gordie Howe Sports Complex Master Plan	Construction of a new multi-sport indoor and outdoor facilities at the existing complex	\$8,352,080	\$6,959,371	\$5,568,749	\$20,880,200
Town of Churchbridge Landfill Decommissioning	Decontamination and decommissioning of a landfill	\$496,980	\$414,109	\$331,361	\$1,242,450
